

December 13, 2008

Put your best foot forward this Holiday season with **Copper Technology Socks** from Aetrex, a leading provider of pedorthic footwear.

These unique socks feature **copper ions** infused into the fabric, which eliminates **99.9% of bacteria and fungi** and provides protection against odors. Copper has also been found to rejuvenate skin and improve its texture, tone and appearance.

Copper Sole™ Socks: The Healthiest Socks You'll Ever Wear

These healthy socks are unsurpassed in **comfort, performance and protection**. They draw moisture away from your feet with an advanced wicking system and incorporate Spandex, which enables the socks to comfortably hug your foot and leg. They are doctor-recommended for diabetes, too.

Whether you need non-binding socks with extra cushioning, athletic wear with arch support, or dress casual style, **Copper Sole™ Socks** are available as ankle, crew or knee-highs in different colors, for both men and women. The price ranges from \$10.00 to \$25.00, depending on style.

Add some copper to your Christmas stocking with Copper Technology Socks available at foot.com or select online retailers
