▶ Genetic jean \$220, Guys N Gals West Bloomfield 248.851.1260

With fall fashions arriving fast and furious in many local stores while the glorious Michigan weather is still (gratefully) locked into summer, it can often be a challenge to start introducing some irresistible new fall fashion trends with the cool summer items already in your closet. Below are just a few of our suggestions to transition seamlessly and stylishly from sunny summer to fabulous fall.

#### BACK TO BASICS

Certain basic pieces in your wardrobe will greatly help step up your transitional look from the carefree days of summer to true autumn: a classic black or navy blazer, a solid cardigan, a white cotton blouse, a cheerful printed blouse, a great jean in an updated silhouette, a sheath dress, and a classic riding boot, fun peep-toe heel or colorful ballet flat. Throw a blazer over a long tank or tee with skinny jeans, or over a printed summer dress with peep-toe shoes for a casual evening look. Wear a white cotton blouse with a layered cardigan, jeans, and colorful ballet flats for shopping and lunch with the girls.
