

Aetrex to Launch New Men's Line

Aetrex is launching a new men's line of casual footwear, available in August. Designed for men on the go, the Day's Journey collection is versatile, lightweight, and appropriate for both the workplace and a night out. The company is also expanding the Modpod collection to include three new styles. Modpod and Day's Journey footwear will both feature Lynco® orthotic footbeds, memory foam cushioning and Aegis® anti-microbial technology. For more information, visit www.aetrex.com.
