Aetrex Awarded APMA Seal

Aetrex Worldwide, Inc. has been awarded the [American Podiatric Medical Association](#) (APMA)'s Seal of Acceptance for their Essence Heeled Sands and Pumps, Berries Footwear and Sandalistas Cork Comfort collections.

The Seal recognizes worthy products that contribute to better foot health, which helps the public make purchasing decisions. One of APMA's goals is to raise awareness by recognizing products "of exceptional quality that are manufactured with the consumer's comfort and safety in mind," as the Seal guidelines state.

"The APMA Seal of Acceptance is a notable accomplishment for us," says Aetrex CEO Larry Schwartz. "Our core mission has always been to create the healthiest shoes on the market today, so the Seal helps us show the public that we're achieving that goal with fashionable yet comfortable footwear."
