If you thought you've seen all the quirky national holidays that are popping up on our Facebook feeds and calendars, we've got another one for you: it's National "Wear Brown Shoes Day!" That's right, fashionistas from all around the country are going to be putting on their best and most stylish brown boots and shoes on December 4th, from L.A. to New York City and even Miami (even though the weather is still warm!), showing off their trendiest shoes in a color that basically matches everything.

Check out our photo gallery of some of our favorite stylish celebrities from Britney Spears to Olivia Palermo wearing their favorite winter footwear and see if you can steal their easy and affordable style, too.

And of course, don't forget to wear your brown shoes today!

Olivia Palermo

It might be cold and snowing in some parts of the country, but Olivia Palermo knows how to heat things up with a fab pair of riding boots. No, you don't need to know how to actually ride a horse to where a great pair, but as long as you accessorize with all the right pieces, you're good! And of course it doesn't hurt if you have a cute little pup by your side, too.

Bossanova red fedora hat \$28

Eva Longoria

I've said it before and I'll say it again: happiness is a big comfortable sweater and a good cup of coffee! Sometimes I wish I lived in a much colder climate just so I could cuddle up with my loved ones in an oversized sweater while drinking cup after cups of hot chocolate during a Disney movie marathon. A girl can dream, can't she?

Hilary Duff

As any real fashionista would know, ankle boots are incredibly difficult to wear (just ask Katie Holmes) but if you've got the right style and cut for the boot, then they can be the most fashionable and comfortable pair of shoes your feet will ever wear, regardless of the season. Hilary matched her cute ankle boots with a Aztec-inspired sleeveless dress here. She looks so L.A., doesn't she?

Traffic People Geo-Tribal Curves Dress \$90.75

Britney Spears

Of there's someone who loves her brown boots, it would be Britney Spears (remember her Ugg days from almost a decade ago?). The chart topper recently stepped out in a white crochet top which she matched with a grey skort (that's a pair of shorts combined with a skirt, mind you) and some seriously fab brown boots. Only Britney can pull off a look like this and get away with it.

Bethenny Frankel

If you're going to wear a leopard scarf this winter, then you absolutely must pair it with a pair of Hunter green jeans and a comfortable pair of your best brown walking boots, just like Bethenny Frankel (and if there's anyone serious about her boots, that would be Bethenny, of course!). Her look here is a great combination of both comfort and effortless style.
